# APPLICATION GUIDELINES JAPANESE GOVERNMENT (MONBUKAGAKUSHO·MEXT) SCHOLARSHIP FOR 2017 (UNDERGRADUATE STUDENTS)

The Ministry of Education, Culture, Sports, Science and Technology (MEXT) offers scholarships to international students who wish to study at Japanese universities as undergraduate students under the Japanese Government (MEXT) Scholarship Program for 2017 as follows.

## 1. Definition of “undergraduate student”

Those who are enrolled in a course at an undergraduate department or faculty of a university, or who are receiving preparatory education in the Japanese language and other subjects prior to placement at university.

## 2. FIELDS OF STUDY

Those who wish to study in Japan as an undergraduate student must choose a field of study (major) from (1) or (2) below. Applicants may enter a first, second, and third choice.

### (1) Social Sciences and Humanities

Social Sciences and Humanities–A: Law, Politics, Pedagogy, Sociology, Literature, History, Japanese language, others.

Social Sciences and Humanities–B: Economics, Business Administration.

Note 1: Applicants who wish to major in fields other than those listed above (“others”) may have difficulties in finding universities that can accept them.

Note 2: Any fields related to “Economics” and “Business Administration” in Humanities B are not included in “others.”

### (2) Natural Sciences

Natural Sciences–A: Science (Mathematics, Physics, Chemistry), Electric and Electronic Studies (Electronics, Electrical Engineering, Information Engineering), Mechanical Studies (Mechanical Engineering, Naval Architecture), Civil Engineering and Architecture (Civil Engineering, Architecture, Environmental Engineering), Chemical Studies (Applied Chemistry, Chemical Engineering, Industrial Chemistry, Textile Engineering), other fields (Metallurgical Engineering, Mining Engineering, Maritime Engineering, Biotechnology).

Natural Sciences–B: Agricultural studies (Agriculture, Agricultural Chemistry, Agricultural Engineering, Animal Science, Veterinary Medicine, Forestry, Food Science, Fisheries), Hygienic studies (Pharmacy, Hygienics, Nursing), and Science (Biology).

Natural Sciences–C: Medicine, and Dentistry.

Note: A student who intends to major in Natural Sciences and would like to choose more than one major is required to choose and select first-, second-, and third-choice subjects from the subjects in parentheses from within the same course (i.e. Natural Sciences A, B or C). However, a student who selects Course C as his/her first choice may choose his/her second-choice subjects from Course B or C and third-choice subject from Course B as Course C offers only two subjects.

## 3. QUALIFICATIONS AND CONDITIONS

The Ministry of Education, Culture, Sports, Science and Technology (MEXT) is now accepting applications from overseas students for study in Japan. Our aim is to foster human resources who will become bridges of friendship between your country and Japan through study in Japan and who will contribute to the development of both countries and the wider world.

(1) Nationality: Applicants must have the nationality of a country that has diplomatic relations with Japan. An applicant who has Japanese nationality at the time of application is not eligible. However, persons with dual nationality who hold Japanese nationality and whose place of residence at the time of application is outside of Japan are eligible to apply as long as they choose the nationality of the foreign country and give up their Japanese nationality by the date of their arrival in Japan. Applicant screening will be conducted at the Japanese diplomatic mission in the country of applicant’s nationality.

(2) Age: Applicants generally must have been born between April 2, 1995 and April 1, 2000.

- (3) Academic Background: Applicants must either have completed 12 years of regular school education or have graduated from a school equivalent to an upper secondary school in Japan. (Applicants who will meet the above qualifications by March 2017 are eligible. Includes those wishing to enroll for direct placement in the fall term who are expected to graduate by the end of August 2017.) Applicants who satisfy the entrance requirements for a Japanese university are also eligible.
- (4) Japanese Language: Applicants must be willing to learn Japanese. Applicants must be interested in Japan and be willing to deepen their understanding of Japan after arriving in Japan. In addition, in principle, applicants must be willing to carry out their academic studies in Japan in Japanese.
- (5) Health: Applicants must be free from any mental or physical disabilities that would impede the pursuit of study at Japanese universities.
- (6) Arrival in Japan: In principle, applicants must be able to arrive in Japan between the 1st and 7th of April 2017. If an applicant is to enroll in his/her university from the fall semester through direct placement, he or she must be able to leave for and arrive in Japan by the date specified by the accepting university.
- (7) Visa Requirement: Applicants must acquire College Student (ryugaku) visas before entering Japan. They then enter Japan with the College Student (ryugaku) residence status. Please also note that those who change their visa status to one other than College Student after arrival in Japan will lose their qualification to be Japanese Government Scholarship recipients from the date when their visa status changes.
- (8) Others: While the applicant is studying in Japan, he/she shall contribute to mutual understanding between Japan and the home country by participating in activities at schools and communities with the aim of contributing to the internationalization of Japan. The applicant shall make efforts to promote relations between the home country and Japan by maintaining close relations with the university attended after graduation, cooperating with the conducting of surveys and questionnaires after the return home, and cooperating with all relevant projects and events conducted by Japanese diplomatic missions in the applicant's home country.
- (9) Any applicant who meets any or all of the following conditions is ineligible. If identified after the start of the scholarship period, the applicant will be required to withdraw from the scholarship:
  - ① Those who are military personnel or military civilian employees at the time of their arrival in Japan;
  - ② Those who cannot arrive in Japan during the period designated by MEXT or the accepting university;

This does not apply to current self-financed international students at Japanese universities who will complete their courses of study and return to their countries before the end of the current fiscal year;
  - ⑤ Recipients of scholarships from institutions other than MEXT (including government institutions in their home countries) that overlap with the Japanese Government Scholarship (Prospective beneficiaries are included);
  - ⑥ Applicants who are expected to graduate at the time of application and cannot satisfy the qualifications and the conditions related to academic background by the deadline given; or
  - ⑦ Holders of dual nationality at the time of application who cannot verify that they will give up Japanese nationality by the time of the arrival in Japan.
